1.2. MUNICIPAL MANAGER'S FOREWORD

Performance Management is a process that measures the implementation of an organisation's strategy. It is also a management tool to plan, monitor, measure, report and review performance indicators and performance targets to ensure efficiency, effectiveness and the impact of service delivery by municipality. Therefore, performance management provides the mechanism to measure whether performance targets meets its strategic goals set by the municipality.

The report covers the information from 01 July 2020 to 30 June 2021 and focuses on the implementation of the SDBIP, in relation to the objectives as encapsulated in the municipality's IDP. The format of the report will reflect the municipality's performance per department and a summary of overall performance of the municipality's key performance indicators per municipal key performance area. It further outlines corrective measures to be taken for non-compliant performance. The year 2020/2021 has seen a great degree of professionalism and the strengthening of our administration but there are still major challenges in our endeavour to make a reality the right of all citizens under our municipal jurisdiction to access services.

Building and strengthening the supply chain management unit, Performance Management unit and Project Management unit will improve the work of the municipality and giving support to activities of the Accounting Officer. This report records the progress made by the municipality in fulfilling its objectives as reflected in the IDP, Budget and Service delivery and budget Implementation plan. The year 2020/2021 was particularly significant for the Municipality considering the improvement and progress has been achieved in the services, functions and activities of the municipality. Making all these achievements possible has been the unremitting attention to effective and efficient administrative support that the management team and staff provided.

This Annual Performance Report sets out the details of what was done by the municipality during the financial year 2020/2021, of utmost vitality the report contains the service providers' performance report. A summary of the report is also included in the report.

As Lepelle-Nkumpi Municipality we have consolidated our programmes, however our institutional arrangements need further strengthening to ensure long-term sustainability.

Acting Municipal Manager

1.3. MUNICIPAL VISION, MISSION AND VALUES

Vision:

"Be financially viable" municipality, geared towards the improvement of quality of life of the people, by providing sustainable services."

Mission:

"To effectively and efficiently provide quality basic services and thus make a significant contribution to social and economic development of the community"

- Vision;
- Mission;
- Values.

- Honesty,
- Transparency,
- *Ubuntu*,
- Consultation,
- Value for time and money,
- Access to information.
- Access to services.

1.4. LEGISLATIVE MANDATE

The Constitution of the Republic (1996)

Section 152 of the Constitution mandates local government, among others, to:

- Provides democratic and accountable government for local communities
- Encourage the involvement of communities and community organizations in the matters of local government.

The White Paper on Local Government of (1998)

The White Paper on Local Government (1998) puts forward for the new developmental Local Government system and identifies tools for realising a developmental local government through:

- Integrated Development planning and budgeting:
 - Performance management and
 - Working together with local citizens and partners.

Municipal Systems Act (No. 32 of 2000)

The Municipal Systems Act no 32 of 2000, Chapter 6 enforces the idea of local government PMS.

Municipal Planning and Performance Management Regulations (2001)

The Municipal Planning and Performance Regulations (2001) set out in detail requirements for municipal PMS. It entails a framework that describes and represent how the municipal cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organised and managed including the determining of the roles and responsibilities of different role players.

The Municipal Finance Management Act No 32 2003

The Municipal Finance Management Act states requirements for a municipality to include its annual municipal performance report with its financial statement in constituting its annual report. In essence, the Act requires that a municipality must, among other things:

- Audit of performance measurement; and
- Annual performance reports

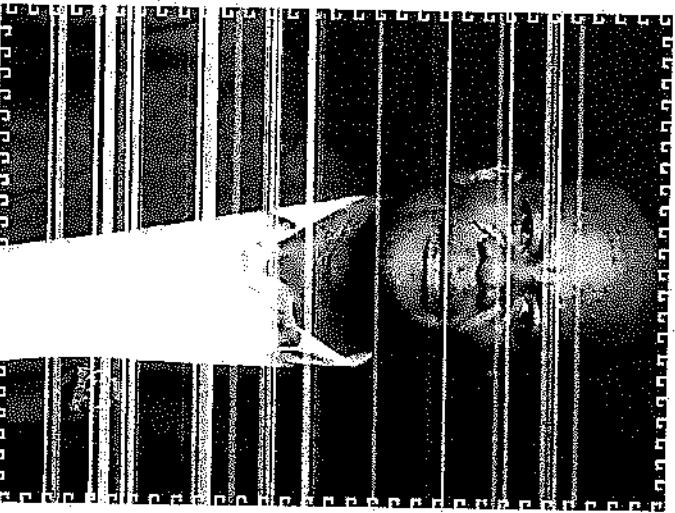

The Municipal Performance Management Regulations (2006)

The Local Government Municipal Performance Regulations for municipal managers and managers directly accountable to municipal managers sets out how the performance of Section 57 staff will be uniformly directed, monitored and improved.
The regulations address how the Local Government Municipal Performance Management System (LGMPS) is to be implemented by municipalities and managers directly accountable to municipal managers. It further provides a methodology for the performance management system as well as criteria for performance indicators.
