- 1.3 In terms of the Local Government: Municipal Property Rates Act, 2004 (No. 6 of 2004) a municipality in accordance with-
- a. Section 2(1), may levy a rate on property in its area; and
 - b. Section 2(3), must exercise its power to levy a rate on property subject to-

 - iii. the rates policy.
- 1.4 In terms of Section 4 (1) (c) of the Local Government: Municipal Systems Act, 2000 (No. 32 of 2000), the municipality has the right to finance the affairs of the municipality by imposing, inter alia, rates on property.
- 1.5 In terms of Section 62(1)(f)(ii) of the Local Government: Municipal Finance Management Act, 2003 (No. 56 of 2003) the municipal manager must ensure that the municipality has and implements a rates policy.
- 1.6 This policy must be read together with, and is subject to the stipulations of the Local Government: Municipal Property Rates Act, 2004 (No. 6 of 2004) and any regulations promulgated in terms thereof from time to time.

2. DEFINITIONS

- 2.1 “Act” means the Local Government: Municipal Property Rates Act, 2004 (Act No. 6 of 2004);

- 2.2 “Definitions, words and expressions” as used in the Act are applicable to this policy document where ever it is used;
- 2.3 “Municipality” means the municipality of Lepelle-Nkumpi;
- 2.4 “Newly Rateable property” means any rateable property on which property rates were not levied before the end of the financial year preceding the date on which this Act took effect, excluding –
- (a) a property which was incorrectly omitted from a valuation roll and for that reason was not rated before that date; and
 - (b) a property identified by the Minister by notice in the Gazette where the phasing-in of a rate is not justified;
- 2.5 “Privately owned towns serviced by the owner” means single properties, situated in an area not ordinarily being serviced by the municipality, divided through sub division or township establishment into (ten or more) full title stands and/ or sectional units and where all services inclusive of water, electricity, sewerage and refuse removal and roads development are installed at the full cost of the developer and maintained and rendered by the residents of such estate.
- 2.6 “Residential property” means property on which a municipality may in terms of section 2 Levy a rate, excluding a property fully excluded from the levying of rates in terms of Section 17 of the Act.

3. POLICY PRINCIPLES

- 3.1 Rates are levied in accordance with the Act as an amount in the rand based on the market value of all rateable property contained in the municipality’s valuation roll and supplementary valuation roll.

- 3.2 As allowed for in the Act, the municipality has chosen to differentiate between various categories of property and categories of owners of property as contemplated in clause 7 and 8 of this policy. Some categories of property and categories of owners are granted relief from rates as contemplated in clause 11 to 13 of this policy. The municipality however does not grant relief in respect of payments for rates to any category of owners or properties, or to owners of properties on an individual basis.
- 3.3 There would be no phasing in of rates based on the new valuation roll, except as prescribed by legislation and in accordance with clause 16 of this policy.
- 3.4 In accordance with Section 3(3) of the Act, the rates policy for the municipality is based on the following principles:
- (a) Equity
The municipality will treat all ratepayers with similar properties the same.
 - (b) Affordability
The ability of a person to pay rates will be taken into account by the municipality. In dealing with the poor/indigent ratepayers the municipality will provide relief measures through exemptions, reductions or rebates.
 - (c) Sustainability
Rating of property will be implemented in a way that:
 - i. it supports sustainable local government by providing a stable and buoyant revenue source within the discretionary control of the municipality; and
 - ii. Supports local social economic development.
 - (d) Cost efficiency
Rates will be based on the value of all rateable property and will be used to fund community and subsidised services after taking into account surpluses generated on trading (water, electricity) and economic (refuse removal, sewerage removal) services and the amounts required to finance exemptions, rebates, reductions and phasing-in of rates as approved by the municipality from time to time.

4. SCOPE OF THE POLICY

- 4.1 This policy document guides the annual setting (or revision) of property rates. It does not make specific property rates proposals. Details pertaining to the applications of the various property rates are published in the Provincial Gazette and the municipality's schedule of tariffs, which must be read in conjunction with this policy.

5. APPLICATION OF THE POLICY

- 5.1 In imposing the rate in the rand for each annual operating budget component, the municipality shall grant exemptions, rebates and reductions to the categories of properties and categories of owners as allowed for in this policy document.

6. PRINCIPLES APPLICABLE TO FINANCING OF SERVICES

- 6.1 The municipal manager or his/her nominee must, subject to the guidelines provided by the National Treasury and the Executive Committee of the municipality, make provision for the following classification of services:-

- i. Refuse removal
- ii. Sewerage disposal

(c) Community and subsidised services

- 6.2 Trading and economic services as referred to in clauses (a) and (b) must be ring fenced and financed from service charges whilst community and subsidised services referred to in clause (c) will be financed from surpluses on trading and economic services, regulatory fees, rates and rates-related income.
